

## Rugby Swimming Club Consent to Walk Home

Dear Parent/Guardian,

As a club, we are conscious that you may not always be available to collect your child from training. However, we have a responsibility to ensure that all swimmers are collected safely from training, by a responsible adult.

We will however, allow swimmers to walk home from training once they have reached the age of 13. This can only be with the explicit consent of the parent / guardian.

If you would like your child to be able to walk home alone after training, please read the following statement and then sign a copy of this letter to confirm that you agree with the statement.

'I agree that I am responsible for my child after the swimming training session has finished and while walking home. I am giving my consent for my child to walk home alone after training and understand that the swimming club accept no responsibility for my child's safety once training has finished'.
